ROBBINS LODGE PARK

TOWN OF DAVIE, FLORIDA

ROBBINS LODGE PARK

is one of the premier open space parks in the Town of Davie and Robbins Lodge has become the Town's No.1 rental facility. Acquired in the early 1990's thru donations and open space bonds, the wide open park had been used for large community special events for over 20 years. During that time, the Lodge has been used as a rental facility for weddings, baby and bridal showers, birthday parties, family reunions, business workshops, meetings and many other business and social events.

In early 2014, the Town of Davie allocated \$160,000 for renovations to the Lodge that include new tables, window coverings, carpet, hardwood floors, sound system, projection screen, upgraded restrooms, a bridal changing room, a serving window from the kitchen and improved ADA access both in and around the building. Surrounded by tall and majestic oak trees, the Lodge also has a covered deck area and walkways to and from the building that connect directly to parking areas just a short walk away.
